Testimonials

Manager Global InfoSec, eBay

“InfoSec group leverages Biarca’s expertise in a wide variety of Open Source SW in bringing best of breed tool chain in continuous automation of SecOps.”

Founder and CEO, Passio

“Biarca’s team helped Passio with setting up our Information and Cybersecurity policies and practices. Their extensive set of materials helped us speed up the development of Passio’s InfoSec systems and their security certification by Google helped establishing confidence in Biarca’s team.”

Director of Research IT, University Healthcare

“Our partner, Biarca has been a trusted partner while keeping our infrastructure secure with vigorous security assessments and remediations.”

Architect, Research IT, College of Medicine

“Our CHOIR application moved to Google Cloud, involving a lot of re-engineering, containerization and migrating large amounts of data. Biarca, played a vital role in making this happen.”

Past Performance

Launched a fully functional and secure cloud infrastructure with Biarca’s defined solutions.

Secure Cloud improved scalability and reduced infosec department expenditures.

Cloud based solution enabled PHI Data Isolation, ensuring HIPAA compliance.

A Silicon Valley teaching hospital migrated health services applications to a secure cloud.
